On the road with our movie

Ms Mohammed of SEPOS & PD

We were very pleased to take our movie, *Sun, Sea and Science* on the road to several secondary schools in Trinidad over the past few months.

We sent invitational letters to secondary schools all over the country and so far have visited Bishop's Centenary, St Anthony's, Trinity College, South East Port of Spain Secondary, Woodbrook Secondary, Lakshmi Girls, and Holy Faith Convent, Couva.

The film was well-received and students in all cases engaged in lively discussions with the director. The invitation is still open to any school interested. The activity is sanctioned by the Chief Education Officer.

Andrew Boyle helps his community

Our 2018 Laureate in Entrepreneurship, Mr Andrew Boyle of Guyana recently made good on a promise he made when he was made an ANSA Laureate: to help his home community of Kimbia.

Mr Boyle was instrumental in the donation of computers, a library, and a bursary to the top student of the Kimbia Primary School for his secondary education.

The donation came from a coalition of donors of which Mr Boyle was a main contributor: the Rotaract Club of Georgetown Central and the Rotary Clubs of Georgetown Central, Stabroek, and New Amsterdam.

Mr Boyle is the President of the Rotaract Club of Georgetown Central. He is also the founder and CEO of Eureka Medical Laboratories of Guyana, and Amazonia Farms. He credits the Rotary Club as one of the most meaningful institutions in his life.
